## By His Majesty.

## A PROCLAMATION.

RELATING TO OUR WAR WITH GERMANY AND ORDERING BY WHICHEVER OF US THAT WE HAVE ENTERED IN THIS WAR.

GEORGE V. R.

Whereas, owing to the King of the Belgians, an Ally of the Central Powers, being now in a state of war with the King of Serbia, Our Ally, a state of war now exists between Us and the King of the Belgians;

And whereas on the 8th day of August 1914, a state of war came into existence between Us and the German Emperor;

And whereas we did on the same date and on certain other dates subsequent thereto issue certain Proclamations and Orders in Council connected with such state of war;

And whereas on the 11th day of August 1914, a state of war came into existence between Us and the Emperor of Austria, King of Hungary;

And whereas certain of the aforesaid Proclamations and Orders in Council have since been extended so as to cover the state of war between Us and the Emperor of Austria, King of Hungary;

And whereas on the 8th day of November 1914, a state of war came into existence between Us and the Sultan of Turkey;

And whereas certain of the aforesaid Proclamations and Orders in Council have since been extended so as to cover the state of war between Us and the Sultan of Turkey;

And whereas We have since the said 8th day of November 1914, issued certain other Proclamations and Orders in Council with reference to the state of war between Us and the German Emperor, the Emperor of Austria, King of Hungary, and the Sultan of Turkey;

And whereas it is desirable now to provide for the state of war between Us and the King of the Belgians:

And whereas the Convention relating to the status of enemy merchant vessels at the outbreak of hostilities, signed at the Hague on the 18th day of October 1907, has not been ratified by the King of the Belgians, and therefore We do not think fit to ratify in Belgium since the Order in Council issued on the 4th day of August 1914, with reference to the departure from Our ports of enemy vessels, which at the outbreak of hostilities were in any such port or which subsequently arrived the same:

Now, therefore, We have thought fit, by and with the advice of Our Privy Council, to issue this Our Royal Proclamation declaring, and it is hereby declared, as follows:—

1. He shall also by notice in conspicuous places and by hand of town-levy require all persons claiming to be qualified under rule 5 (a) to put in a statement of their claims before the 25th day of April; and shall enter the names of those whom he finds qualified.

(2) On or before the 30th day of April the chairman shall publish notices in the municipal office and in one conspicuous place in each ward and where the municipality is not divided into wards in not less than three conspicuous places in the municipality; that the electoral roll will be open to inspection at the municipal office at all reasonable times up to the 15th day of May, that it would be revised after the 15th day of May and that objections to an application regarding any entry or omission in it together with documentary evidence in support thereof will be received in the municipal office up to the 15th day of May, but not thereafter.

(3) The chairman shall review the electoral roll before the 31st day of May. He shall cancel the names of the dead, of persons whom he finds to have lost their qualifications, or to have become disqualified or to have been improperly entered, whether or not objection has been taken, and shall enter the names of persons whom he finds to be qualified, whether or not they have put in any claim. But no person who is qualified shall be entitled to have his name entered in the electoral roll unless he has applied for inclusion.

(4) For the purpose of hearing objections and applications put in under clause (2) of this rule the chairman shall before the 25th of May hold an enquiry in open office, at which three days' previous notice shall be given by advertisement posted in the municipal office and in one conspicuous place in each ward, and where the municipality is not divided into wards in not less than three conspicuous places in the municipality. The chairman may adjourn the enquiry from time to time provided that it shall be closed before the 31st day of May. He shall enter objections based on clause (2) of rule 5 to the District Collector for action.

(5) The chairman shall pass orders in writing with a brief statement of reasons on all objections and applications presented under clause (2) of this rule, and shall correct the entries accordingly. The electoral roll as thus corrected shall be sent to the Collector of the district who shall satisfy himself that the procedure prescribed for its preparation has been in substance and in effect complied with and shall declare, after passing orders on the appeals presented to him under clause (4) *infra*, whether the electoral roll is valid or not. The Collector shall also pass such orders as may be necessary to ensure compliance with the prescribed procedure.

(6) If the chairman rejects any objection or application made under clause (2) of this rule, the person aggrieved by such rejection may within seven days thereafter appeal to the Collector of the district and the Collector shall within 20 days of the receipt of such appeal, after making or ordering such enquiry as may be necessary, make such orders for the correction of the electoral roll or otherwise as he deems fit, and his order shall be final.

(7) (1) When the electoral roll has been revised by the chairman and corrected in compliance with any order passed by the Collector of the district, it shall come into operation with effect from the 1st day of July and shall continue in operation for the twelve months beginning on that day and, if the next electoral roll is not ready by the prescribed date, until such roll is ready, and it shall be conclusive as to the general qualifications in rules 4, 5 and 6 above.

(2) The chairman shall not alter the roll while it continues in force, except in order to correct clerical errors.

(3) No failure to observe the dates prescribed in this and the preceding rule or to observe other directions in these rules regarding the preparation of the electoral roll shall entitle any one to question the validity and conclusiveness of the registers in proceedings under rule 31.

**Proviso.**—Notwithstanding anything contained in this and the preceding rule, where the letters of a word are materially changed, or where a new word is inserted, the preparation, revision and publication of the electoral roll may take place on or before such date as the Collector may prescribe in that behalf and such electoral roll when so revised and finally published shall come into force from the date of final publication and remain valid until the publication of the next final electoral roll.

11. The electoral roll shall be printed and two copies shall be signed by the chairman—one of these shall be sent to the Collector of the district, and the other retained in the municipal office. Copies shall be up and to the public.

12. Elections shall be held as vacancies in elective seats occur; but if any vacancy occurs at a time when no valid electoral rolls are in existence it may be filled up by Government by nomination. In municipalities divided into wards, when the elective system is introduced for the first time or where the number of elective seats is subsequently increased, the Collector of the district shall decide in which particular ward the election shall begin. An election shall not be deferred for more than two months from the date of the occurrence of the vacancy without the special sanction of the Collector. No election shall be held on Sundays or gazetted holidays.

**Note.**—A gazetted holiday means a day which has been notified as a holiday, whether gazetted or partial, in the Port St. George Gazette or in the Gazette of the district.

13. The preliminary to an election may be begun before the vacancy actually occurs but the date fixed for the election must be subsequent to the date of the vacancy. The chairman shall fix the date of the election, and not less than 20 days before the date so fixed shall prepare a notice stating the number of persons to be elected, the wards for which they are to be elected, the date and hour within which a nomination must reach the municipal office, the office to whom it is to be sent or presented, the date on which the list of nominations will be published, not being less than 15 days before the date of the election, and the day on which and the hour during which and the place where the votes of electors will be taken, if there is a poll. The latest date fixed for receiving nominations shall be not less than 20 clear days before the date fixed for the election and the poll shall be open for at least six hours between 9 a.m. and 5 p.m. Such notice shall be affixed at the municipal office and in three conspicuous places in each ward for which an election is to be held, and where the constituency is not divided into wards, in not less than three conspicuous places in the town.

14. Any person not ineligible to be appointed a municipal councillor under section 10-A and B of the Act may stand as a candidate for election as councillor if his name is registered in the current electoral roll of voters.

Provided that—

(1) no Government servant shall stand as a candidate for election unless he has obtained the previous permission of the Collector of the district;

(2) no person shall stand as a candidate for election who having been a public servant as defined in section 21 of the Indian Penal Code or a servant of a municipal council or a local board, has been dismissed from such service for misconduct.

15. Every candidate must be nominated by at least two voters registered in the current electoral roll for the ward and must declare his readiness to stand. Nominations should be in the following form—

#### NOMINATION OF

Election for the ward of \_\_\_\_\_ to be held on \_\_\_\_\_

We, the undersigned, being duly qualified voters of ward \_\_\_\_\_ nominate the undersigned as a candidate at the ensuing election:—

(2) The same voters shall not nominate more than one candidate for a ward. If a voter subscribes more nomination papers than one, his subscription shall be inoperative in all but the one which is first received.

16. On the day appointed in the notice under rule 13 the chairman shall publish in the municipal office and in conspicuous places in the town or ward a list in the following form of such nominations as appear to him to be valid with a notice specifying the date on which he will attend the municipal office to hear objections to them:—

Name of candidate.	Description.	Address.	Ward for which nominated.	By whom nominated.

Objections will be heard at the municipal office on \_\_\_\_\_ between the hours of \_\_\_\_\_

27. (1) The chairman shall attend the municipal office on the third day, not being a Sunday or gazetted holiday, after that on which the list of nominations has been published in order to hear objections to any of the nominations.

(2) Such objections must be in writing and may be made only by a rival candidate or by a registered voter of the town or ward in question, as the case may be.

(3) The chairman shall not entertain any objection to a candidate whose name has been entered in the correct electoral roll on the ground that he or she registered voters who nominated him did not possess the general qualifications for voting prescribed by rules 4, 5 and 6.

(4) The chairman shall, on necessary enquiry, give his decision in writing on every such objection. There shall be no appeal from his decision, but it shall be subject to reversal in proceedings questioning the election under rule 31.

28. If there is no nomination or no valid nomination a fresh election shall be held, the formalities prescribed by rule 13 being repeated, and if there is again no nomination or no valid nomination, or if for any other reason the election proves abortive, the vacancy shall be filled by appointment.

29. At least three days before the election the chairman shall prepare a final list of valid nominations and shall publish it by causing one copy to be affixed in the municipal office and one or more copies in conspicuous positions in the town or in each ward for which there is to be an election.

30. (1) Any candidate whose name is included in the list published under rule 29 may withdraw at any time by written notice signed by him and delivered to the chairman before midday of the day previous to that fixed for the poll; but no candidate who has withdrawn his candidature may subsequently cancel his withdrawal and stand at the same election.

(2) The chairman shall remove the name of any candidate who dies at any time before the poll is taken.

31. If the number of candidates who have been validly nominated and have not withdrawn does not exceed the number of vacancies no poll shall be held and the candidate or candidates validly nominated shall be deemed to be duly elected.

32. If more candidates than there are vacancies have been validly nominated, the chairman shall appoint one or more polling officers to preside at each polling station and may pay these reasonable remuneration for their services. Such polling officers shall neither be candidates for the wards for which the poll is to be taken nor registered voters therein. It shall be their duty to see that the votes are recorded with absolute accuracy, that only voters, attendants of voters admissible under special regulations of the chairman, candidates or their agents and persons desirous of lodging objections to voters are admitted into the polling rooms, and that persons who have recorded their votes or whose objections have been heard and disposed of leave immediately; and to carry out any special regulations that may be made by the chairman for recording the votes of persons unable to write, the admission of attendants as blood, crippled or infirm voters, the provision of tables or screens, and other matters of detail. The chairman shall also appoint one or more identifying officers at each polling station to assist the polling officer in identifying the voters.

33. Each polling officer shall be supplied by the chairman with a list of voters for the ward for which such polling officer is appointed to take votes. The ballot papers and box shall be delivered to the polling officers by the chairman or other person authorized by him on the morning of the election day.

34. The voting paper shall be an envelope on the face of which the names of the candidates shall be printed in the following form:—

No.	Name of candidate	Vote.
1.	"	"
2.	"	"
3.	"	"

N.B.—Candidates have to be elected.

A "X" mark shall be placed against the name of the candidate or candidates for whom the vote is given in the column provided for the purpose.

The name of any candidate who may have subsequently withdrawn his candidature, shall be scored out by the chairman or the polling officer under his orders.

28. After the publication of the polling list the chairman shall forward the ballot papers to the Collector in a sealed cover enclosed in an envelope addressed to him and it shall not be opened except in his presence or under his orders by the Divisional officer conducting the enquiry under Rule 25. These papers may be destroyed six months after the date of the election provided the enquiry (if any) into the validity of the election has by that time been concluded and final orders passed.

29. On application by any candidate made within three days after the publication of the polling list the chairman shall cause a memorandum to be prepared specifying the names of all voters who voted in any election, the number of valid and the number of rejected votes given to each candidate and the reasons for rejection. Copies of such memoranda shall, on payment of such reasonable fee as the chairman may prescribe, be supplied to the applicant and to any registered voter.

30. The validity of any election may be questioned by a petition put in before the Collector of the district within 15 days after the result of the election has been declared, by any candidate who has not withdrawn or by not less than 10 persons who have voted at the election, on any of the following grounds:—

(a) that the person whose election is questioned was at the time of the election disqualified;

(b) that the chairman improperly admitted or rejected a nomination;

(c) that the person whose election is questioned was not duly elected by a majority of lawful votes;

(d) that fraud, intimidation, or bribery was practised at the election;

(e) that the person whose election is questioned is likely to bring the municipal administration into contempt or that his being a municipal councillor is dangerous to the public peace or order;

but no objection to the election shall be entertained on the ground that any voter or candidate whose name is entered in the current electoral roll did not at the time of the election possess the general qualifications for voting prescribed in rules 4, 5 and 6 above.

The Governor in Council or the Collector may, however, himself take action on any facts affecting the validity of an election which may come to his notice either within or after the expiry of this period, whether a petition has been presented or not.

31. The Collector may, at his discretion, require any objector or objectors to deposit a sum of not more than Rs. 50, which will be subject to forfeiture if the petition is found to have been made without satisfactory reasons or to be frivolous or vexatious.

32. Objections to the validity of an election on the ground of disqualification under section 18-A (1) (a) or the Act or under clause (a) of rule 31 and all cases which involve an interpretation of the rules shall be referred by the Collector for the decision of the Government, which shall be final.

In all other cases of objection under rule 31 an enquiry shall be held by the Collector or at his direction by the Divisional officer in charge of the division in which the municipality is situated, at which the contending parties shall have an opportunity of appearing in person or by representative, and orders shall be passed on the result of the enquiry by the Collector, who may at his discretion decide the petition, or if he finds the election invalid, either order a new election or declare that the candidate who obtained the next highest number of votes to the candidate or candidates disqualified or found not to have been validly elected has been duly elected;

provided that, before declaring each seat candidate to have been duly elected, the Collector shall notify his intention to do so to the other candidates and the petitioners who have contested the election and shall consider any objections which may be lodged by them in writing within ten days from the date of such notice.

No appeal shall lie against the orders of the Collector passed under this rule.

33. If an objection has been raised within the period fixed in rule 31 or under rule 32 or when any objection so raised has been disposed of, the names of the candidate duly elected shall be forwarded by the Collector to the Superintendent of the Government Press for publication in the Port St. George Gazette and the candidate shall enter on his franchise as a municipal councillor from the date of such publication. But if, subsequent to the date of election but prior to that of notification, an elected candidate dies or becomes subject to any disqualification which, if it had existed at the time of his election, would have rendered him ineligible under these rules, the Governor in Council may order that the candidate who obtained the next highest number of votes be appointed or that a fresh election be held. Such order of the Government shall be final.

34. A candidate who has been duly elected may submit his withdrawal in writing to the chairman at any time before his appointment is granted under rule 34. In such cases, the candidate who has obtained the next highest number of votes shall, subject to the provisions of rule 33, be deemed to have been elected unless the Government shall direct that a fresh election shall be held. No candidate who has submitted his withdrawal may subsequently contest it.

An election shall not be deferred for more than two months from the date of the occurrence of the vacancy without the special sanction of the Collector. No election shall be held on Sundays or gazetted holidays.

15. The Divisional officer shall fix the date of the election, and not less than fifty days before the date so fixed shall prepare a notice stating the number of persons to be elected, the estates by which they are to be elected, the office to which nominations are to be sent or presented, the date and hour within which nominations must reach that office, the date on which the list of nominations will be published, not being less than thirty days before the date of the election, and the day on which and the hours during which and the place where the votes of electors will be taken, if there is a poll. 18. On the day appointed for the publication of nominations, the Divisional officer shall publish in the places and manner prescribed in or determined under rule 15 a list in the following form of such nominations as appear to him to be valid with a notice specifying the date (not

being less than three days or more than ten days from the date of publication of nominations) on and place in which he will hear objections to them.

Objections will be heard at \_\_\_\_\_ between \_\_\_\_\_

19. (1) The Divisional officer shall attend at the place and on the date notified under rule 18 to hear objections to any of the nominations.

(2) Such objections must be in writing and must be presented in person and may be made only by any rival candidate or by any registered voter of the district in question.

(3) The Divisional officer shall not entertain any objection to a candidate whose name has been entered in the current electoral roll on the ground that he did not or does not possess the general qualifications for election prescribed by rule 8, or that registered voters who nominated such candidate did not possess the general qualifications for voting prescribed by rules 4, 5 and 6.

1. (4) The Divisional officer shall, on summary inquiry, give his decision in writing on every such objection. There shall be no appeal from his decision but it shall be subject to reversal in proceedings questioning the election under rule 22.

20. If there is no nomination or no valid nomination a fresh election shall be held, the formalities prescribed in rule 18 being repeated, and if there is again no nomination or no valid nomination, or if for any other reason the election proves abortive, the President of the District Board shall fill the vacancy by appointment.

21. At least twelve days before the election the Divisional officer shall prepare a final list of valid nominations and shall publish it in the places and manner prescribed in or determined under rule 15.

22. (1) Any candidate whose name is included in the list published under rule 21 may withdraw at any time by a written notice signed by him and presented to the Divisional officer before midnight of the day previous to that fixed for the poll; but no candidate who has withdrawn his candidature may subsequently cancel his withdrawal and stand at the same election.

(2) The Divisional officer shall remove the name of any candidate who dies at any time before the poll is taken.

23. If in any ward the number of candidates who have been validly nominated and have not withdrawn does not exceed the number of vacancies as poll shall be held and the candidate or candidates validly nominated shall be deemed to be duly elected; and the Divisional officer shall report his return to the District Collector who will forward it to the Superintendent of the Government Press for publication in the Port St. George Gazette.

24. If more candidates than there are vacancies have been validly nominated, the Divisional officer shall appoint one or more polling officers to preside at each polling station and, if they are not Government servants, pay them reasonable remuneration for their services. Such polling officers shall neither be members for the ward for which the poll is to be taken nor registered voters therein. It shall be their duty to see that the votes are recorded with absolute secrecy, that only voters, attendants of voters admissible under special regulations of the Divisional officer, candidates or their agents and persons desirous of lodging objections to voters are admitted into the polling rooms, and that persons who have recorded their votes or whose objections have been heard and disposed of leave immediately; and to carry out any special regulations that may be made by the Divisional officer for recording the votes of persons unable to write, the absence of attendants on blind, crippled or infirm voters, the provision of cabinets or screens and other matters of detail.

25. No person shall be admitted to vote at any polling station except that allotted to him. Each polling officer shall be supplied by the Divisional officer with a list of voters for the area for which such polling officer is appointed to take votes. The ballot papers and box shall be sent to the polling officers by the Divisional officer, so as to reach them on or before the morning of the election day.

26. The voting paper shall be an envelope on the face of which the names of the candidates shall be printed in the following form:—

Name of candidate.	Vote
1	
2	
3	

X = Candidate here to be elected. A X mark shall be placed against the name of the candidate for whom the vote is given in the column provided for the purpose.

The name of any candidate who may have subsequently withdrawn his candidature shall be struck out by the Chairman or the polling officer under his order.

27. As regards the procedure at the taking of the poll, the following provisions shall apply:—

(1) Each intending voter shall present himself to the polling officer, who, if satisfied that such person is on the list of voters for the circle and has not already voted, shall supply him with a voting paper.

(2) The voter shall then write his name and number upon the envelope and hand it over to the polling officer.

(3) The polling officer shall see that the name and number of the voter are lightly entered, then the envelope, and if he signs across the flap and give it to the voter and at the same time make a mark against the name of such person in the list of voters.

(4) The voter shall then go to the voting booth, make a mark against the name of the candidate or candidates for whom he votes and deposit the voting paper in the ballot box.

(5) Any ballot paper on which a mark is made against the names of more candidates than there are vacancies shall be invalid.

(6) Every candidate may himself attend or may appoint an agent to attend the counting of votes.

(7) The polling officer shall, at the close of the poll, send the ballot box duly sealed and secured to the Divisional officer.

(8) At the polling an objection to any intending voter shall be admitted, except on the following three grounds:—

First.—That his name is not on the list of voters of the circle in respect of which the election is being held.

Second.—That he claims to be a certain voter shown on the list of voters to be false.

Third.—That he is already voted.

(9) On being satisfied that there are reasonable grounds for any of the above objections the polling officer shall prohibit such intending voter from placing his voting paper in the ballot box, shall record his name and address, the objection admitted against him and the reasons for admitting the objection and shall direct him to appear before the Divisional officer within twenty-four hours, or such longer period as the Divisional officer may by general or special order allow, and the Divisional officer shall on necessary enquiry decide whether the objection is valid. In the event of the Divisional officer deciding that the foregoing voter is entitled to vote, he shall allow the said voter to place his voting paper in the ballot box in his presence.

(10) The polling officer shall, at the close of the day, transmit to the Divisional officer a list of the objections to voters admitted by him during the day; any candidate or voter on the circle list may present written objections to the Divisional officer not later than five o'clock in the afternoon of the day after the poll, or within such longer period as the Divisional officer may by general or special order allow and the Divisional officer shall, after hearing and deciding upon all such objections and recording his decision in writing, and after hearing and deciding, in the event of a candidate, who may appear before him and express a wish to be present, of the time and place at which he will begin to count the votes, ascertain the totals of the votes given in each circle and record the result of the election, specifying the number of valid votes given to each candidate in a list signed by him as soon as may be and at latest within three days from the day of poll and shall cause a copy of the said list to be affixed in a conspicuous position in the Divisional office.

(11) Every candidate may himself attend or may appoint an agent to attend the counting of the votes.

(12) The Divisional officer shall as far as practicable proceed continuously with the counting of the votes and shall during any necessary intervals place the voting papers and other documents relating to the election under his own seal and the seals of such of the candidates or agents of the candidates as desire to affix their seals.

28. The candidate or, if there is more than one vacancy, as many candidates as there are vacancies, for whom the greatest number of votes shall have been given in the circle shall be deemed to have been elected.

29. (1) If any person has been elected for more circles than one he shall within 24 hours from the date of the list of such elections intimate to the Divisional officer the circle for which he chooses to serve.

(2) In default of such intimation the Divisional officer shall notify the circle for which such person shall serve.

(3) The said person shall be deemed to have been elected for the circle so chosen or notified as the case may be; and thereupon the voters of the other circle or circles for which he has been elected shall proceed to elect a member in the manner hereinafter provided.

30. If there is an equality of votes between two or more candidates, the Divisional officer shall after giving to the candidates concerned, decide by drawing lots which candidate shall be deemed to have been elected.

If no vote has been cast or if an invalid vote has been given in favour of any candidate, the vacancy shall be filled by the President of the District Board.

31. The Divisional officer shall preserve all voting papers and other documents relating to the elections for three months after the publication of the polling list.

32. On application by any candidate made within three days after the publication of the polling list, the Divisional Officer shall cause a memorandum to be prepared specifying the names of all voters who voted in any election, the number of valid and the number of rejected votes given to each candidate and the reasons for rejection. Copies of such memorandums shall, on payment of such reasonable fee as the Divisional officer may prescribe, be supplied to the applicant and to any registered voter.

33. The validity of any election may be questioned by a petition put in before the Collector of the district or the Divisional officer within fifteen days after the result of the election has been declared, by any candidate who has not withdrawn or by not less than ten persons who have voted at the election on any of the following grounds:—

(a) that the person whose election is questioned was at the time of the election disqualified under rule 9 or rule 12;

(b) that the Divisional officer improperly admitted or rejected a nomination;

(c) that the person whose election is questioned was not duly elected by a majority of lawful votes;

(d) that fraud, intimidation, or bribery was practised at the election;

(e) that the person whose election is questioned is likely to bring the local fund administration into contempt or that his being a member of the tank board is dangerous to the public peace or order;

but no objection to the election shall be entertained on the ground that any voter or candidate whose name is entered in the current electoral register did not at the time of the election possess the general qualifications for voting or election prescribed in rules 4, 5, 6 and 8 above.

The Governor in Council or the Collector may however himself take action on any facts affecting the validity of an election, which may come to his notice, either within or after the expiry of this period, whether a petition has been presented or not.

34. The Collector or the Divisional officer may, at his discretion, require any objector or objectors to deposit a sum of not more than Rs 50 which will be subject to forfeiture if the petition is found to have been made without satisfactory reasons or to be frivolous or vexatious.

35. Objections to the validity of an election on the grounds specified in rule 33 (a) and objections on the ground of disqualification under rule 9 (d) and all cases which involve an interpretation of the rules shall be referred by the Collector for the decision of the Government, which shall be final. In all other cases of objection under rule 33 an enquiry shall be held by the Collector or at his discretion by the Divisional officer, at which the contending parties shall have an opportunity of appearing in person or by representative, and orders shall be passed on the result of the enquiry by the Collector, who may, at his discretion, dismiss the petition or, if he finds the election invalid, either order a new election or declare that the candidate who obtained the next highest number of votes to the candidate or candidates disqualified or found not to have been validly elected has been duly elected.

provided that before declaring such a candidate to have been duly elected, the Collector shall satisfy his intention to do so to the other candidates and the petitioners who have impugned the election and shall consider any objections which may be lodged by them in writing within ten days from the date of such notice.

No appeal shall lie against the orders of the Collector passed under this rule.

36. If an objection has been raised within the period fixed in rule 33 or under rule 34 or when any objection so raised has been disposed of, the names of the candidate duly elected shall be forwarded by the Collector to the Superintendant of the Government Press for publication in the Port St. George Gazette and the candidate shall enter on his functions as member of the tank board from the date of such publication. But if, subsequent to the date of election but prior to the date of notification, an elected candidate dies or becomes subject to any disqualification which, if it had existed at the time of his election, would have rendered him ineligible under these rules, the Governor in Council may order either that the candidate who obtained the next highest number of votes be appointed or that a fresh election be held. Such order of the Government shall be final.

37. A candidate who has been duly elected may submit his withdrawal in writing to the Divisional officer at any time before his appointment is gazetted under rule 38. In such case, the candidate who has obtained the next highest number of votes shall, subject to the provisions of rule 35, be deemed to have been elected unless the Government shall direct that a fresh

showing shall be held. No candidate who has submitted his withdrawal may subsequently amend it.

8. Alternative rates may also be quoted for a similar quantity of tea packed in sound and thoroughly airtight tin in case of ordinary commercial systems, for the benefit by rail, instead of in the Regulation Army boxes above described, but it should be clearly specified in the offer what style of packing is tendered for. These boxes should also be marked as per paragraph 7 above.

## MADRAS SALT LOADERS' CO-OPERATIVE SOCIETY, No. 1096

AUDIT ORDER BY THE HON'BLE DEWAR BAHADUR L. D. SWAMINATHAN PILLAI  
AVARUAI, N.A., P.L. 113, REGISTRAR OF CO-OPERATIVE SOCIETIES,  
CHENNAI, MADRAS.

The amounts of No. 1008, Madras Salt Lenders' Co-operative Society, for the official year ending 31st March 1955, as audited by Inspector M.H.B. K. Srinivasa Ayyar, are stated. Statements showing: (1) Receipts and Disbursements, (2) Fruits and Loss and (3) Assets and Liabilities, furnished by him, are appended to this order.

3. The number of persons fell from 118 at the beginning of the year to 90 at the end, but the population rose from 718 to 835. A sum of 18, 673-10-4, being the amount of persons named by the members after adjusting to their dues, was with the society at the last day of the year as deposits. A sum of 8, 128-5-2 was delivered during the year as loans or against 14, 965-0-0 in the previous year. It is to be understood that they should be accounted out of their daily wages. The office establishment and sundry charges during the year amounted to Rs. 352-8-5. The labour charges received from Government and paid to workmen during the year were Rs. 11,249-00-00 and Rs. 13,556-00-00 respectively, while the figures for the previous year were Rs. 16,856-00-00 and Rs. 14,000-00-00 respectively.

3. The society earned during the year under review a net profit of Rs 525-13-8 as against Rs 2,675-1-11 in the previous year. The reduction in the net profit was due to want of sufficient labour for the society in some of its works. Members of the society had been given special contribution for a special labour force, including men had been allowed to bring their own labourers and there was no special labour force hired for the society's labour. One-fourth of the net profit, viz. Rs 212-5-8, contributed under bye law 53, is credited to the credit of the reserve fund. With this addition the total reserve will be Rs. 573-13-8. The society has already received Rs. 700 with Government an equity dividend. It will now deposit the balance of Rs 171-13-8 in the Poona Savings Bank.

Dumfries, Scotland, 25th October 1918.

Decr. No. 1018 December 1915.

No. 77.—The Governor General has been pleased, under rule No. 85 of the Rules for the conduct of the Legislative Business of the Council of the Governor General, to order the publication, in the Gazette of India and in the local official Gazettes in English, of the following Bill, together with the Statement of Objects and Reasons (printed therein), and the Bill and Statement of Objects and Reasons are accordingly hereby published for general information:—

Bill No. 18 of 1915.

A Bill further to amend the Indian Registration Act, 1908.

Whereas it is expedient further to amend the Indian Registration Act, 1908; It is hereby enacted as follows:—

Short title

1. This Act may be called the Indian Registration (Amendment) Act, 1915.

2. After section 27 of the Indian Registration Act, 1908, the following section shall be inserted, namely:—

Section of new section 27-A after section 27, Act 1908 of 1908.  
 "27-A. (1) Notwithstanding anything contained in this Act, the registration of a document required before or after the commencement of this Act, shall not be deemed to be void by reason of any defect in the document, provided that the document was presented for registration by an agent not duly authorized by a power-of-attorney executed and attested in accordance with the provisions of any enactment in force.  
 (2) Where any document has been wholly or in part cancelled, rejected or withdrawn after the 15th day of November 1915, and before the commencement of the Indian Registration (Amendment) Act, 1915, in a Court of First instance or at the instance of an appeal, by reason only of the fact that a document was presented for registration under any enactment in force by an agent not duly authorized by power-of-attorney under the provisions of such enactment, the same may, if the cancellation or withdrawal has had the effect of invalidating in whole or in part, the said

Y of 1908

document as between persons claiming or liable thereunder, be entered on review in the manner provided by the Code of Civil Procedure, 1908, for review of judgments, on application in writing made within six months from the commencement of the said Act; and on such evaluation the provisions of sub-section (4) shall apply to the said document.<sup>5</sup>

#### STATEMENT OF OBJECTS AND REASONS.

The recent decision of their Lordships of the Privy Council in *Janki Prasad v. Abhal Ali Khan* (I.L.R., 31 All. 1916, p. 49) directed to adjust the validity of the registration of many documents, which were accepted, when presented, by the registering officer from the persons or persons presenting the same and duly registered. In the case of well-to-do landholders, mercantiles, men of business and professional ladies, it has been a common practice to send agents, messengers, gamblers, servants or relations to the registration office with the document to pay the necessary payable before the registering officer, and to see that the document was duly registered. In some cases, such agents may possess a power-of-attorney of the kind required by section 35 of the Indian Registration Act, 1908, but in the large majority of instances, where the creditors, lender or lady concerned is not a landed proprietor, the most available man in the service or family circle available at the time, who was easily to be secured with the money, is generally selected, and though the instrument usually goes with him to the registration office, care is not always taken that the presentation is effected by the creditor, or by an agent authorized by a power-of-attorney executed and authenticated in the manner provided by the Indian Registration Act. There may also be cases where the agent possesses a power-of-attorney from one of the persons claiming under a document, but not from all. The fact that the same physical act of handing over the document to the Registrar was performed by a relative or agent not holding a proper power-of-attorney might not, however, be stated in the way of the validity of registration, if the document be otherwise duly registered. The matter has been the subject of various decisions, some of which will be found reported in *Michaelson Math v. Rama Dutt* (7 C.W.N., page 259), *Jharpurad v. Balpatil* (2 A.L.J., 7-8), *Nathmal v. Abhal Udayal Singh* (I.L.R., 34 All. 1915, 1916), *Atma Ram v. Ugrasen* (I.L.R., 31 All. 1914), *Ramji Baboo v. Shreeva Choud* (I.L.R., 34 All. 1915), *Waryas Begum v. Fazal Hussain Khan* (5 All. Ind., 141), and *Abul Hasnain Ali, Musarrat Begum* (6 Outh-Cases 1), and one case in which a document was presented for registration by an agent who held a power-of-attorney, after the death of his principal, it was ruled by their Lordships of the Privy Council that section 35 of the Registration Act 1908 was the defect (*Majid-un-nissa v. Abhal Begum*, I.L.R., 35 All. 1915). The recent decision of their Lordships of the Privy Council, however, goes further, and renders registration invalid in respect of all documents presented for registration by the agent of a party claiming under a document, if the agent was not authorized in the manner provided by section 35 of the Indian Registration Act, 1908, though he may have been accompanied at the time of presentation by the owner. The consequences of such a decision will, it is apprehended, be seen and far-reaching, and there is urgent need, therefore, for meeting or removing the difficulty by legislation. The Bill proposes to provide a remedy by adding a sub-section to section 35 of the Act, to ensure that the case that the person who presented a document for registration was not duly authorized by a power-of-attorney executed and authenticated in manner mentioned in section 35 of the Act, shall not invalidate the registration of the document if it was otherwise duly registered.

The Bill proposes to give retrospective effect to the amendment in order to prevent or obviate miscarriages of justice.
